

Company

EXPERIENCE

IPlatforms is an Italian company specialized in the design, engineering and construction of swimming pools, SPAs and Wellness centers, dedicating particular attention to well-being, design and tailor-made solutions.

PROFESSIONALISM

Our experience, professionalism and dedication guarantee high quality in the realization and execution of our projects.

GUARANTEES AND ASSISTANCE

The vision of IPlatforms professionals aims to welcome and support customers in order to assure personalized service, aimed at achieving their objectives, always offering guarantees and assistance

Our swimming pools

Relax

Private well-being
in its simplest form.

Regenerate

An escape from everyday life and the pleasure of rediscovering a psycho-physical balance

Water and Heaven

We design infinity pools. Water and sky embrace, creating a perfect harmony between landscape, design and nature.

Emotions

We design and build highly customized pools in every single detail.

Immerging will become emotion and discovery.

Live your world and explore your dream.

Elegant lines immersed in nature.

Outdoor and indoor design

Engineering,
technology and design:
our goal is to create tailored
pools in the
image and likeness
of our customers.
From the type of water,
to its temperature,
from its shape,
to its intended use,
from its location
in an external environment
to an internal one.

Create your physical and mental well-being.

Combine the nature of water with whirlpool baths and sensory paths.

Interior geometric perfection

SPA

Immerse yourself in wellness.

We offer planning
and assistance in the
Wellness & SPA sector
with careful integrated
solutions based on your
individual needs.

Perfection in all its forms

Each of our pools
becomes a form of art.

FINISHES

We guarantee top quality finishes and accessories

PERFECTION AND DESIGN

We pay considerable attention searching for precious details and finishes that make your swimming pool unique and inimitable.

All our swimming pools are the result of the synergy between our professional experience and the style choice of our customers.

We design structures by mixing technological innovation and architectural design in every detail and accessory.

Imagine your dream and make it happen with our experts.

Automatic isothermal covers

Custom lighting

LED lighting, traditional and fiber optics

Backlight

Water Filtration

Always immerse yourself in pure and perfectly filtered water. IPlatforms makes use of the most advanced and modern technologies of water clarification systems and conditioners always guaranteeing clear and sanitized water.
